

Settlers in Kansas

Sarah's Daily Life

My name is Sarah. I lived a long time ago. I am a pioneer girl. The sun is coming up. I am getting ready for a busy day. Today my sisters and brothers and I will go to school. I help my mother make a lunch for me to take to school. I will take a piece of fried chicken for lunch. I will take an apple, too. My brothers help our father. They milk the cows. My sisters and I feed the chickens.

We walk a mile to go to school. Our teacher helps us to read. We learn many things from our teacher at school. At the end of the day we walk home again. After dinner Papa reads the Bible to us. I learn many things when Papa reads to us.

The sun has gone down. It is dark in our cabin. It is time to go to sleep. Tomorrow will be another busy day.
